

Community  
Artificial Intelligence

The EIT KICs are supported by EIT,  
A body of the European Union

## The EIT Strategic Synergies Cluster

A more efficient approach to capitalise on the trademark EIT Community's Knowledge Integration Triangle.

Tommaso Emiliani

*EIT Strategic Synergies Lead at EIT Food*

# THE EIT STRATEGIC SYNERGIES CLUSTER

- What: A new way to leverage the impact of the EIT Knowledge & Innovation Communities (KICs)' joint initiatives
- Why: To support efficiently the EU Green Deal + Recovery Plan and scale the impact of the EIT Community of thought and innovation leaders, as per the EIT Strategic Agenda 2021-2027
- How: Strengthening sustainable innovation ecosystems across Europe through coordination of joint thematic priorities, activities, mechanisms and tools
- Who: the 8 (soon 9!) EIT KICs and their EIT trademark Knowledge Triangle approach

# THE EIT STRATEGIC SYNERGIES CLUSTER

- ARTIFICIAL INTELLIGENCE FOR EUROPE

- CIRCULAR ECONOMY COLLABORATION

- NEW EUROPEAN BAUHAUS

- WOMEN ENTREPRENEURSHIP

# THE EIT STRATEGIC SYNERGIES CLUSTER

- Artificial intelligence as an area of strategic importance for the EU, driving economic development and potentially contributing to climate change mitigation
- Stakeholder engagement and ecosystem building program connecting partners within the KIC ecosystem and with the most important stakeholders at the European level
- Development of education and innovation tools for citizens, students and professionals that can be used across the Cluster.
